

# NCR RealPOS™ 21

## POS Workstation

Looking for a POS terminal  
with exceptional value?

YES

### NCR RealPOS 21 POS workstation, the integrated value solution

The NCR RealPOS 21 delivers exceptional value by providing a superior combination of performance, functionality and reliability at an affordable price. Using powerful Intel® technology, the NCR RealPOS 21 supports the latest point-of-sale (POS) applications and emerging retail technologies.

- **Essential performance**

The NCR RealPOS 21 provides essential performance and functionality with energy-efficient Intel® processors and a variety of configuration options, including graphical consumer displays, wireless capabilities, and integrated biometrics. With an intuitive touchscreen interface, the NCR RealPOS 21 can help you maximize employee productivity while ensuring the highest levels of customer service.

- **Superior reliability**

The NCR RealPOS 21 complies with NCR's strict reliability standards, which are among the highest in the industry. Engineered and tested to operate within harsh retail environments, the NCR RealPOS 21 is designed to provide years of dependable operation.

- **Exceptional value**

The NCR RealPOS 21 delivers a value-packed combination of functionality and affordability in a compact rugged design built for the long term. With an open architecture, industry-standard interfaces and support for advanced POS functionality, the NCR RealPOS 21 can grow with your business and protect your investment over time.
