

Want to offer microbanking services
to your customers?

YES

Taking self-service banking beyond the branch

The NCR EasyPoint 70 Tijori is an innovative entry-level deposit solution. It enables microsavings, payments and fund transfers that can be easily integrated into existing and emerging microfinance platforms, offering a secure and scalable solution for financial inclusion. Providing a range of financial services including cash dispense via script and cash deposit, the NCR EasyPoint 70 Tijori can be deployed in locations where there's an absence of bank branches or where space is at a premium.

- **Extend the reach of your banking services**

The NCR EasyPoint 70 Tijori extends the reach and availability of financial products and services to income-generating individuals in previously inaccessible areas in the most cost-effective way.

- **Increase your customer base**

New and robust customer segments can be reached by providing banking services to unbanked and under-banked customers with the NCR EasyPoint 70 Tijori. These financial banking services build customer loyalty, extend your brand beyond the branch and contribute to and positively affect socio-economic development.

- **New revenue generation opportunities**

The NCR EasyPoint 70 Tijori has a user-friendly and intuitive interface with multilingual voice, multilingual voice prompts and graphical navigation, that encourage users from both rural and urban locations to adopt interest-based savings products and access to microcredit.

- **Complements your Business Correspondent Model**

The NCR EasyPoint 70 Tijori complements your Business Correspondent Model by extending banking services and allowing your agents more time to conduct high-value, cross-selling activities.

- **An innovative partnership**

The NCR EasyPoint 70 Tijori was developed by NCR in partnership with Financial Information Network and Operations Ltd (FINO). By integrating FINO's smart card technology and core banking platform with the NCR EasyPoint 70, NCR and FINO offer an innovative and cost-effective solution to help you reach all your customers.
